

Request for Installation of Sewer System “Grinder Unit”

Date: _____

Customer: _____

Service Address: _____

Subdivision: _____

Customer Contact: _____ TEL: _____

Installation Date: Not before: _____ Not after: _____

Customer and/or its authorized representative hereby request that Bolivar Utility Services, LLC (“B.U.S.”) schedule the installation and connection of the Sewer System “Grinder Unit” for their residence to the B.U.S. wastewater treatment sewer system.

Customer has attached to this Request a check payable to B.U.S. in the amount of \$4,000.00 as payment for the installation of the Unit. **MAIL TO: PO Box 22858 – Beaumont, TX 77720**

Customer and/or its authorized representative hereby represent to B.U.S. that a site plan is attached hereto indicating the desired “Location” for the Unit to be installed;

Customer represents that the Location is:

- Accessible by our installation equipment and personnel
- Adjacent to your home within 10 feet from edge of ground level slab.
- Free of overhead obstructions
- Removed from any vehicular traffic, where cars and other vehicle will damage the Unit
- Within 10 feet from the terminus of wastewater plumbing discharge
- Within 10 feet from an installed, dedicated 30amp disconnect and power source

Customer further represents that water connections from the BPSUD and electricity from Entergy are and will be available at the time of installation of the Unit. **The electrical power to the disconnect MUST be “ON” for purposes of testing the Unit at the time of installation.**

Customer acknowledges that BUS will charge Customer, and Customer agrees to pay, a fee equal to \$250.00 if BUS installation contractor is not able to complete the installation as scheduled due to the fact that any of the above conditions are not met at the time of the scheduled installation.
